

Healthy herbal drinks for active people,
but not only...

"Ivan Chai" ("Fireweed"): makes you happy
and healthy every day!

Thanks to its set of unique health-giving properties, nice taste and aroma, you can drink Ivan Chai Tea daily instead of regular tea. Like every family in Russia did since the old days to be healthy and to maintain domestic harmony.

Ivan Chai TEA is made of great willow herb, which is a generous nature's gift to people. It protects health, makes you full of energy and brings good mood.

"Chai Rusi" – manufacturer of Ivan Chai TEA produces it from fire weed (*Chamaenerion angustifolium*), which is gathered in ecologically clean areas of Mari-El Republic. To produce our tea we use high-end equipment, and mix it with healthy herbs and berries.

All this makes Ivan Chai a drink that people like to enjoy every day and share it with their family and friends.
